Sub: Authorisation of your laboratory by APEDA for export testing of Agri Produce.

Dear Sir,

You are aware that the Department of Commerce, Government of India had advised APEDA to adopt unified approach for accreditation/authorisation of food testing laboratories with effect from 23/11/2017. APEDA has implemented the unified approach and getting recommendation of ISO-17025 accredited food testing laboratory from NABL for authorisation for export testing of its scheduled products.

Your laboratory has been accredited to ISO-17025 by NABL. You may expand your area of work including authorisation by APEDA for export testing. In this regard you may convert your forthcoming ISO-17025 renewal audit/desk assessment into full onsite audit under unified approach so that your laboratory can be recommended by NABL to APEDA for authorisation for export testing of APEDA scheduled products.

You may contact the undersigned for any further assistance in the matter.

Yours faithfully,

V.K. Vidyarthi
General Manager
